HUGHES IS FOR FIRMNESS AND CONSISTENCY

Assails Wilson's Policies in His Formal Acceptance of the Republican Presidential Nomination in Carnegie Hall

New York, Aug. 1.—Charles E. Hughes last night outlined in his speech of acceptance, the issues upon which he will conduct his campaign for the Presidency.

Mr. Hughes assailed the administration for the course it has pursued with reference to Mexico, maintenance of American rights during the European war, preparedness and other great questions of the day. He declared for a new policy of "firmness and consistency" toward Mexico for "the unflinching maintenance of all American rights on land and sea" and for "adequate national defense; adequate protection on both our western and eastern fronts."

"We denounce all plots and conspiracies in the interest of any foreign nation," Mr. Hughes said. "Utterly intolerable is the use of our soil for alien intrigues. Every American must unreservedly condemn them and support every effort for their suppression."

The nominee assailed the administration "for its diplomatic intercourse" from the beginning, declaring that where there should have been conscious strength and expertise there had been weakness and ineptness. He cited Santo Domingo as an instance where appointments had gone to "deserving Democrats" and the failure to continue Ambassador Herrick at his post in Paris after war had started as "a lamentable sacrifice of international repute."

One fourth of the speech was devoted to Mexico. Step after step taken by the administration with reference to Mexico was assailed from the days of Huerta to the note sent the

de facto government by the state department June 20 last, part of which was quoted in the speech.

"To attempt to control the domestic concerns of Mexico," Mr. Hughes said, "was simply intervention, not less so because declined. The height of folly was to have a vacillating and ineffective intervention."

"The seizure of Vera Cruz," the nominee said, "was war of course." America, Mr. Hughes continued, had no policy of aggression toward Mexico, no desire for any part of her territory, but wished her to have peace, stability and prosperity.

Safeguarding of American rights abroad had not been accomplished, Mr. Hughes said by the administration. There had been "brave words in a series of notes" but what does it avail to use some of the strongest words known to diplomacy if ambassadors can receive the impression that the words are not to be taken seriously? The nominee reiterated his declaration that had this government left no doubt that it meant to hold Germany to "strict accountability" there would have been no loss of life on the Lusitania. During this period, he said the only danger of war lay in the weak course of the administration.

Discussing preparedness, Mr. Hughes said it was apparent that the United States was "shockingly unprepared." That the administration should have allowed such conditions to exist while pursuing its course in Mexico was incredible he said.

"The administration has failed to discharge its responsibility," Mr.

AUSTRO-GERMAN FORCES ARE CAUGHT IN TRAP

Russian Military Experts Claim Retreat Has Been Too Long Delayed.

(Special to The Herald)

Petrograd, Aug. 1.—Russian military experts point to the fact that the Austro-German forces guarding Kovel and the Lemberg front are in a grave position and that when the withdrawal of these forces which has been too long delayed begins that the Russian movement will be converted into a rout.

DEATH RATE AND NEW CASES INCREASED

Total Deaths and Cases in New York for Day 898.

(Special to The Herald)

New York, August 1.—Death in the infantile paralysis epidemic broke all records in the past 24 hours. The number of cases also increased greatly. There were 67 deaths and 169 new cases as against 35 deaths and 132 cases the day before, the total deaths and cases now being 828 and 4,125 respectively.

ANOTHER AIR RAID OVER ENGLAND

London, Aug. 1.—About sixty towns in eastern and southeastern England were raided by German Zeppelins last night. Six, possibly seven, Zeppelins participated in the raid, according to the war office.

New Jersey Authorities Also Seek Evidence to Warrant Arrest of Two Others in Connection With Explosion

(Special to The Herald)

New York, August 1.—While New Jersey authorities were seeking sufficient evidence today to warrant the arrest of two millionaire railway presidents in connection with the ammunition explosion on Black Tom

Island, E. L. McKensie, president of the National Dock and Storage Co., was arrested at his home at Plainfield, N. J., today. He is charged with manslaughter, the accusation growing out of the loss of life in Sunday morning's disaster.

BELIEVE THAT ZEPPELIN WAS DAMAGED

Germans Are Using New Weapon in Their Aerial Warfare.

(Special to The Herald)

London, August 1.—One of the Zeppelins which raided England last night is believed to have been damaged by the heavy fire directed upon it while homeward bound. The Evening News states that the searchlights of a town on the southeast coast detected the airship while it was sailing eastward toward the sea from the interior of England. The British guns opened a heavy fire upon the raider and shells burst all around the Zeppelin. One at least hit the mark which was clearly visible under the glare of the searchlight. The airship wobbled as it was struck by the shell and those below thought it would fall but instead it changed its course and flew higher. The Germans are using a new weapon in their aerial warfare. This is an aerial torpedo which was used last night for the first time.

HUGHES FAVORS SUFFRAGE AMENDMENT

Would Remove Woman's Suffrage From Political Discussion.

(Special to The Herald)

New York, Aug. 1.—Charles E. Hughes, Republican candidate for president, today declared himself in favor of Woman's Suffrage. The declaration was made in a telegram to Senator George Southern of Utah in which Mr. Hughes stated he favored an amendment to the constitution substituting the woman's suffrage clause, removing the same from political discussion.

TELEGRAPHERS WIN VICTORY

Arbitration Board Decides in Their Favor Against Railroads.

New York, August 1.—Telegraphers of the New York Central and Nickel Plate railroads won their fight for an advance of wages. The demands of the men which have been under consideration by a board of arbitration for the past three weeks were granted today.

DEUTSCHLAND TAKES ABOARD BAY PILOT

Expected That German Under-Sea Craft Will Make Start.

(Special to The Herald)

Baltimore, Aug. 1.—Owen Coleman, an expert Chesapeake Bay pilot was today ordered aboard the super submarine Deutschland to take the boat down the bay. Coleman, who brought the submarine into Baltimore when she arrived in American waters after her record-breaking trans-Atlantic trip, was ordered aboard the Deutschland by the Maryland Pilots' Association. The agents of the Deutschland especially requested that Coleman be put aboard the submarine. The taking on of Pilot Coleman and information that came from the tug Timmons which will convey the Deutschland down the bay, set today as the sailing date for the submarine.

Did Not Leave Port.

Baltimore, Aug. 1.—Once more the men on the submarine merchantman Deutschland failed to resume their voyage across the Atlantic. After two hours that kept Baltimore in a turmoil the plan for the Deutschland to leave her pier was abandoned. Her barge hauled was again resumed. Early this morning the tugs Titmouse and Echo opened the way and with a heavy wire drag swept the bay on three different occasions. The drag failed to find any obstacle.

HORAN'S ERROR LOSES FOR MORLEY BUTTON CO.

After Harrington Had Tied up the Score With a Single, Horan Threw Wild to Second, Allowing Runner to Score With Winning Run

On three errors coming at the wrong time and a timely hit by Harrington, the Consolidation Coal Company came from behind last evening and defeated the Morley Button Company, 4 to 3, scoring three of the runs in the fifth inning. With the score tied and Harrington on second, two men out and one strike on the batter, Bill Horan threw second in an attempt to catch the baserunner off the bag. The throw went wide, Thompson in center field failed to recover the throw, and Harrington trotted in with the winning run.

The defeat pulls the Morley team down within striking distance of the Champions, now in second place, and should the P. A. C. defeat the Widdow Shoe Company in their game this evening, they will go into a tie for first place with the leaders. Incidentally, the Coal Company which has been on the tobboggon for a long time, stopped their downward rush and have climbed out of the cellar into sixth place, only 12 points behind the Y. M. C. A., now occupying fifth position.

In the first inning Rutledge, the second man to bat for the C. C. C. hit to deep right field for the circuit. This one run looked big as Driscoll held the M. B. C. batters to one hit, coming in the first, until the fourth, inning, when they scored three runs on two singles and a double and four errors. Horan pitched good baseball, holding the winners to five hits, no two coming in any one inning. The C. C. C. had an opportunity to score in the fourth when Woods singled. Able walked and they were advanced on Pruet's sacrifice. A hit meant two runs, but the two following batters, Kelly and Collins, were easy outs.

It was one fine game to watch, several fast plays having been completed. Collins and Able played well in the field for the winners; Baldwin and P. Thompson each contributing a couple of fast ones for the Morley company.

The Game
1st Inning.—McDonald singled to center, and was advanced to second on a sacrifice bunt by J. Thompson. Collins made a pretty play on the grounder sent to him by Pilgrim, nailing McDonald on his throw to Harrington at third. Pilgrim stole second, continuing to third on Pruet's overthrow of the base. Thompson fled out to Kilpatrick in right. ONE HIT, ONE ERROR, NO RUNS.

Harrington fanned. Rutledge hit to deep right for a home. Woods grounded out at first, P. Thompson to Pilgrim. Able grounded out and was out at first on a pretty play, Baldwin to Pilgrim. ONE HIT, NO ERRORS, ONE RUN.

2d Inning.—Harrington lost Baldwin's boulder, hit right at him, and the batter was safe. He advanced second when Bailey grounded out to Harrington. P. Thompson fanned. Baldwin stole third. Moran walked and stole second. Horan flied to Kilpatrick in right. NO HITS, ONE ERROR, NO RUNS.

Pruett fanned. Kelly flied to Thompson in center. Collins hit a hard line drive through the infield to left and was out attempting to steal second. Bailey to P. Thompson. ONE HIT, NO ERRORS, NO RUNS.

3d Inning.—McDonald walked, and was caught napping off first. Pruet to Able, as J. Thompson fanned. Pilgrim flied to Woods. NO HITS, NO ERRORS, NO RUNS.

Kilpatrick fanned. Driscoll hit a line single to left. Cheney, running for Driscoll, stole second. Harrington fanned. Rutledge flied to Moran in right. ONE HIT, NO ERRORS, NO RUNS.

4th Inning.—Thompson was out at first. Driscoll to Able. Baldwin flied to

to right and took third when Kilpatrick lost the grounder, allowing it to roll to the fence. Bailey hit to Driscoll and was safe at first, Driscoll flied down and throwing bad to the plate, allowing Baldwin to score. P. Thompson grounded out to Able. Moran singled to center, scoring Bailey and going second when Rutledge missed stopping the ball. Horan doubled to center, scoring Moran, and going third on Thompson's second error. Collins made a great stop and throw off McDonald, nailing him at first. THREE HITS, FOUR ERRORS, FOUR RUNS.

Woods singled to center. Able walked. Both men advanced when Pruet singled a pretty bunt and was out. Horan to Pilgrim. With men on second and third, Kelly flied to Pilgrim and Collins was out at first. Bailey to Pilgrim, his attempt at a hit rolling in front of the plate. ONE HIT, NO ERRORS, NO RUNS.

5th Inning.—J. Thompson singled to right. Kilpatrick again losing the ball and the batter took second. Pilgrim was out at first on a grounder. Collins to Able. Thompson and Baldwin fanned. ONE HIT, ONE ERROR, NO RUNS.

Kilpatrick walked. Driscoll hit to Baldwin who hoisted the ball, allowing Kilpatrick to go to third. Driscoll stole second. Harrington came through with a fairly single, scoring Kilpatrick and Driscoll, tying up the score, and going second on the throw into the plate. Rutledge fanned. Woods was out at first fly to Baldwin. With Able at bat, Horan threw wide to second to catch Harrington off the bag and Thompson failed to stop the throw. Harrington trotted in with the winning run. ONE HIT, THREE ERRORS, THREE RUNS.

WITH THE LOCAL SPORTS

Speaking of sporting writers, which we weren't, local sport fans are politely requested to look over the following story of last Saturday's baseball game between Portsmouth and Salmon Falls.

It was written, apparently, by some one who heard about the game, for none attending would have passed out any such story. We are not blaming the editor of the paper for accepting it because it sounds plausible and might have been a good story in any other town but this. It was printed in the Dover Democrat of yesterday. Attention is first called to the writer's statement that Bill Horan and Jack Bailey "both received a very cool reception from their own town people who sat in the grandstand and said about everything to them that would not pass inspection."

If the Portsmouth fans roasted either Bill Horan or Jack Bailey I failed to hear it, and I believe that both men received a lot of credit for the game that they played.

The scribe who is responsible for the Democrat's story of the game was pretty much off in his facts in other departments. He gave Bill Horan credit for a home run, two doubles and a single. Bill made his homer and it was a plunker, but as near as I can find, in the score books of three men scoring the game, Abis of the Salmon Falls team, was the only man to hit for two bases.

In the Democrat's story Jack Bailey's three bagger was changed to a home run. We'd like to give Jack credit for a homer but he will have to make it first.

Attention is also called to the last paragraph of the story in which the paper is made to say, "We are under a big expense to get teams" etc. in making a plea for support on Saturday against Lawrence. Here, endeth the comment, and here starteth the Democrat's story:

(From Foster's Dover Democrat)
The Salmon Falls Mfg. Co's A. C. journeyed to Portsmouth Saturday and defeated the Portsmouth All Stars 17 to 2. There was a large crowd there and all expected to see Portsmouth duplicate their feat of last year by defeating Salmon Falls two out of a three-game series.

Horan and Bailey of Portsmouth were the battery for Salmon Falls for six innings and both received a very cool reception from their own town people who sat in the grandstand and said about everything to them that would not pass inspection.

They both showed up well in the game, Horan holding them to four hits in five innings, and getting four hits six times at bat, one home run, two two-base hits and a single. Bailey had his arm in good condition and none of them dared to take many chances on the bases. At the bat he showed up well, getting a home run, three-bagger, single and sacrifice, six times at bat.

H. Swasey, captain of Amherst, 1915, led off for Salmon Falls and the first ball pitched was hit for a home run.

the longest hit ever made on the play grounds. Swasey being seated on the bench after making the rounds of the bases before the ball was picked up by the left fielder.

To keep things looking like a ball game he came through with another homer, a three base hit and a single before he quit.

Mulholland played well for Portsmouth he being the only man to hit for extra bases, getting a three bagger in the fifth inning, scoring Driscoll, and he scoring later on a hit by Jordan giving Portsmouth the only two tallies in the game.

Salmon Falls Mfg. Co's A. C. will meet the strong Y. M. C. A. base ball team of Lawrence, Mass., next Saturday afternoon on Cumming's Field, South Berwick. This is the second game with them and we hope that the fans will get together and turn out strong as we are under a big expense to get teams like them here and if you want good base ball and a winning team turn out and do not make the players do it all.

A knocker is a good advertiser and Heine Cragen has been knocked for the exhibition put up by Portsmouth against Salmon Falls on Saturday. He will bet 37 cents that Salmon Falls couldn't do it again if they have the nerve to meet a team from this city. Outside of their hitting ability the Salmon Falls team wasn't such a much, with the exception of Horan and Bailey. It is admitted that they played good baseball, but there was nothing phenomenal in their game and no very sensational fielding stunts occurred with the exception of Henry Swasey's freak catch in center field when he fell down. And if the Portsmouth fans didn't give him a hearty hand for his catch then no play on the diamond was ever appreciated.

This is no yell of sour grapes, for that team on Saturday was well trimmed. But if the Salmon Falls team is taking on any lull for winning that victory, they are pretty easily satisfied. Twelve errors charged against the Portsmouth team is a lot, but it wouldn't happen again in a hundred years. There were a number of Salmon Falls routers after the first game in Portsmouth last year who threatened to come to this city and take away a lot of money. As near as could be learned one sailor was able to dig up a two hit bet and the S. P. sport hedged on that before the game was over.

Portsmouth can put a team in the field that will give the best of them a real battle. Heine Cragen is going to lead that team and if Salmon Falls will accept an invitation to come here and take a licking they will get it. And the fans of Portsmouth will give the visitors the same fair, honest, sportsmanlike treatment that Portsmouth has always accorded its visiting athletes.

Some of the Many Who Are Enjoying the Beauties of This Section.

Hampton Beach Notes.

Thomas Dillon, employed in the Casino kitchen at Hampton Beach, was severely burned Saturday afternoon when some fat that he had been using for cooking purposes became ignited and the blaze set fire to his clothing. So furious was the blaze he could not step back in time to escape the flames and his shirt and cap became ignited. Others employed in the kitchen rushed to his assistance and smothered the flames. Mr. Dillon was overcome from the excitement and the burns and Dr. A. M. Fernald was called. When the doctor arrived Dillon was in a weak condition, but was conscious. The physician dressed his wounds and he was removed to his room, where he will be confined for a few days. He was burned on his face and arms and his right side was burned from his waist upwards.

The lifeboat that has been stationed at North beach has been placed at a point south of the Casino, near the Hill Crest hotel, and George McDonald, the newly appointed life guard, will have charge of it. There will in all probability be a new boat purchased to be kept at North Beach.

PLUNGED TO HIS DEATH IN FALL OF SEVENTY FEET

**One Killed and Three Other Workmen Badly Injured
When Scaffolding Gave Way at Newburyport
Yesterday**

Newburyport, Mass., July 31.—One man was killed and three others badly injured just before noon today when they fell seventy feet to the ground from the scaffolding of the big chimney of the Newburyport Gas and Electric Company. Another workman saved himself by catching hold of the cable used for hoisting and lowering the buckets, when the scaffolding on which the men were at work gave way.

The dead man is Charles Pennell, aged fifty, a mason, whose home is in New Jersey. Edgar A. Johnson of Newburyport, was the one saved. The injured are:

Monticello Dice, aged about 30, foreman mason, of West Bend, Ind.

William Obeldobbe, aged about 42, mason, of New York, may be fatally injured.

James Berry, aged 28, mason, of Chicago.

The saved, Edgar A. Johnson, aged about 35, mason's helper, of this city.

All five were working some 70 feet from the bottom of the chimney, engaged in lining the interior. They were about to change the staging, and the man tending the bucket who stands at the bottom was told to get out so that he would not be injured if anything fell.

Two minutes later there was a crash and the staging and men were in a heap on the concrete foundation of the plant chimney. The staging had given away. Just how it happened is being investigated.

Mr. Johnson, who has been much at sea and is naturally quick, saved himself by catching hold of the wire cable that is used in hoisting and lowering the bucket used in carrying material to the workmen. He swung himself to one of the footholds and hung on until he was able to get the bucket, when he assisted in sending down Foreman Dice, who had managed to catch on some object in the chimney and hold on though badly battered by falling timber.

Mr. Johnson was not injured and he never once lost his nerve.

Pennell, Berry and Obeldobbe went to the bottom and were a bruised and helpless mass of humanity.

Pennell's head was crushed and he was otherwise injured.

Engineer William Evans, who was handling the hoisting engine used in operating the bucket in the chimney, was the first to reach the unfortunate men, and he was quickly followed by employees of the Gas & Electric Company who were digging a trench nearby, and a number of others. Michael T. Carey, who was making mortar close at hand, was overcome by heat trouble and fainted.

Ambulances were summoned and the injured men were hustled to the Anna J. J. hospital. Pennell was probably instantly killed. Those at the scene, say he never moved after he fell. The others soon showed consciousness, and Berry shouted in pain.

The chimney on which they were working is 201 feet high and completed so far as the height is concerned. The lining would have been finished tomorrow had not the accident happened. It is being built by the Heine Chimney Company, which concern has had wide experience in such work all over the country.

NEW CHIEF SECRETARY NAMED FOR IRELAND

London, July 31.—Premier Asquith in the House of Commons today, gave Ireland another assurance of self-government.

"The Home Rule bill will never be taken from the statute books," the premier declared.

The Premier said the recent Irish negotiations marked a new situation, from which there would be no return to the old positions of hostility. He was replying to a speech of John Dillon, Nationalist member, in which he recent policy of the government was criticised. The Premier expressed the hope that a settlement would soon be reached.

Dillon for Compromise

Mr. Dillon declared that Lord Lansdowne was mainly responsible for the breach in the Irish negotiations. Lord Lansdowne recently made a speech in the Upper House which aroused the ire of the Home Rulers. Mr. Dillon made a motion urging the government immediately to disclose its plans for the future government of Ireland during the course of the war.

In making his motion the Irish Nationalist leader said he was endeavoring to get his own supporters to agree to any terms of compromise.

"If there is to be coercion," Dillon continued, "the Ulster principle ought to be applied all around."

He thought it would be unwise to have coercion in the Nationalist portion which has been excluded from the home rule bill.

Duke Made Secretary

Premier Asquith announced the appointment of Henry Edward Duke as Chief Secretary of Ireland, succeeding Augustine Birrell.

The Premier said that the office of Lord Lieutenant would be maintained although there was no urgent necessity for appointing a successor to Lord Wimborne at present.

The course of General Sir John G. Maxwell, the commander of the British military forces, was defended by the Premier, who said that the soldier had shown judgment, tact and discretion and had always leaned to the side of mercy.

It would not be right, Mr. Asquith said, to reduce the military force in Ireland.

The new Irish Secretary will have a seat in the Cabinet, but will spend the

bulk of his time in Ireland. The present Under Secretary will continue in office.

The new Irish Chief Secretary is Unionist (anti-home rule) Member of Parliament for Exeter. He was born in 1855. He was called to the bar in 1885. He has been Recorder of Plymouth and Devonport and has filled the office of treasurer of Gray's Inn. He was arbitrator in the great strike on the Great Western Railway in 1907. He is now chairman of the Royal Commission on Defence of the Realm.

WITH THE SPORTS

The two baseball finds uncovered this season are Roger Hornsby, the Cardinal infielder and Al Walters, the Yankee catcher. Oddly enough both are graduates from small Texas town clubs, and, at the outset of the season, neither was given much consideration.

"Walters is the best all around catcher that has come up to the majors since Ray Schalk's time," is the consensus of opinion among baseball men who have seen the peppery young Yankee in action.

And about the young Cardinal it is said:

"He is the most brilliant infielder, the best hitting and brainiest youth that has flashed into view since Eddie Collins came anchor in the big leagues."

Walters, first of all, is a wonderful backstop. He pulls heaves out of the air or extracts them from the land, escape with as much ease as he snatches the straight-overs. Secondly he has a whip equalled by few men in the game. He is a snap thrower and pegs with deadly accuracy. He gets away with the ball with almost the same motion he grabs the trick, that makes the difference between ordinary catchers and wonderful catchers.

Ty Cobb had heard much of the pegging powers of Walters, so he decided to test out the wing during the recent Yankee-Tiger series. Ty undertook a twelve foot lead and then shot far second with the swing of the pitcher's arm. The whirling Georgian was touched out standing up—tinged even before he had a chance to slide.

The next time Ty escaped a steal he didn't have such a long lead. And then young Walters showed in what contempt he held Cobb by playing a bit with the ball before he threw to second and once again Cobb was out.

What has happened to Cobb has befallen the majority of other baserunners who have tried to steal at the expense of Walters.

New catchers in the league are in Walters' class as batters. During the first three months of the campaign he whanged the horseshoe for an average above 300. Since then he has fallen off somewhat, yet he ranks today as one of the most timely hitters in the game. Walters, as a batter, is never so good as in a pinch.

But what has made Walters a reigning favorite in New York is his spirit, his pep and his enthusiasm. He is chattering all the time, steadies his pitcher and puts new life into the whole team. No game is lost in Walters' opinion until the last man is out. He's a cheerful, optimistic youngster—the kind that never admits defeat until the final count is made.

Hornsby has electrified the National league spectators by his brilliant work. Only three months a big league performer, yet he has executed some plays affixed, at the bat and on the bases that have left an indelible mark on the memories of fondness—and upon the baseball records.

Hornsby has a marvelous wing. He makes steps and throws that are seemingly impossible. The kid goes after everything that comes his way. He isn't afraid to risk making errors—but he doesn't make any. Afield he is as fast as lightning and he has killed so many "sure" hits by the opposition batters that they have called him "Crook" Hornsby.

Hornsby is a natural hitter. All season long facing pitching that is four grades higher than he ever faced before, he has belted the pellet for an average well beyond 300. Earlier in the season when he took unto himself a mark around 320 and 325, it was regarded as "flash-in-the-pan" stuff. But Hornsby is using the mace with just as deadly effect right now and it begins to look as if he will remain in the battle for the championship.

ELIOT

A bible drama was presented by Mr. Sidney Lanier, assisted by the members of Lanier camp on Sunday afternoon.

The informal opening of the Fellowship House at Green Acre was held on Sunday from noon until 6 p. m. Mr. and Mrs. Saffa Kinney of New York and Boston, were the host and hostess. It was largely attended, many persons coming a great distance in automobiles. Mrs. W. O. Ingles of New York City sang, accompanied by Mrs. Libby, daughter of Dr. and Mrs. Willis, of New York on the 'cello. Mrs. Lowell and Mr. McDonnell also sang. There were several speakers including Mr. Russell of South Eliot, Mr. Wm. H. Randall of Boston, and Mr. Walter De Voe of Boston, and Mr. James Morton. Mrs. Ellen Beecher, of New Jersey and Mr. George Latimer of Portland, Oregon. There were about 200 guests present. Refreshments were served.

MANY DIPLOMACY PROBLEMS TO BE SETTLED THIS WEEK

Washington, July 31.—Officials in the government have a number of important affairs that need watching this week. The state department and White House, however, had all appearances of the duldest of times over the week end, with the President cruising down the bay on his yacht, the Mayflower, his private secretary, Mr. Tumulty, at the New Jersey seashore; Secretary of State Lansing on vacation at the New York lake shore, and Counsellor Poole of the state department in New York. Mr. Lansing was expected to return to his desk some time this week, after about a month of recreation, but it has not been definitely announced when he will arrive.

While officials have avoided discussion of the matter, it is generally understood that the signing of the treaty with Denmark for the purchase of the Danish West Indies by the United States for \$25,000,000 awaits only Mr. Lansing's return. The Senate, from all indications, would promptly ratify the treaty.

The Mexican situation, with thousands of United States troops guarding the border and with Mexican bandits threatening raids, awaits General Carranza's reply to the Polk note, agreeing to the proposed international commission. Should General Carranza agree, as expected, to this government's proposals to clothe the commission with enlarged powers, the next step would be the appointment of the members of the commission and the President will set about it with extreme care to select men whose views will hold the country's confidence.

The federal court having decided that the British steamer Appam, brought into Hampton roads by a German prize crew, is not a prize and should be returned to her British owners, there is presented to the state department the problem of the disposition of her German crew, who have been lying aboard as if the German government owned the ship.

Pending appeal to the supreme court, it is a question whether the crew should be released, interned or permitted to stay on the ship, or the ship be turned over to the owners.

GERMAN ATTACKS CHECKED WITH TERRIFIC LOSSES

Paris, July 31.—Violent German attacks along the Somme around Monaca and Hemwood were checked with terrific losses to the attackers, according to the official communication today.

French troops are consolidating and strengthening positions which they won yesterday north of the Somme in a sweeping forward move which took German positions along nearly a four mile front.

French troops brilliantly retrieved a temporary German foothold obtained around Monaca farm, according to today's communication. The enemy had taken a slight hold there, but French counter attacks drove them out and back.

Arabs Capture Turkish Town, Fort and Garrison

London, July 31.—An Arab force dispatched to the Helas coast of the Red sea after the fall of Jeddah, has captured the Turkish town and fort of Yemba, says a dispatch from Cairo to Reuters Telegram Company. The troops in the Turkish garrison were made prisoners and guns and munitions were captured.

Portuguese Forces Fighting in Africa

Lisbon, via Paris, July 31.—Portuguese naval forces have been operating in East Africa, though not on a large scale, says the Seculo. A dispatch received by the newspaper from Lorenzo Marques says:

"A Portuguese flotilla made a reconnaissance on the left bank of the Rovuma (a river separating German East Africa from Portuguese East Africa) on the 20th. Tugs conducting a force were fired on by the Germans with machine guns, two Portuguese being killed and five wounded."

"Eight days later the Portuguese again attacked the Germans, who were strongly entrenched on the right bank but they had to retire owing to the state of the river, after suffering considerable loss, including a captain. The Germans in this theatre are putting up an energetic defence."

Haig Announces Further Advance by British Forces

London, July 31.—Further British advance at points north of Bazentin-le-Petit was announced by Gen. Sir Douglas Haig today.

"As the result of local encounters," he said, "our posts have advanced at points north of Bazentin-le-Petit."

"The night was spent in improving the positions we gained yesterday," the British commander-in-chief continued. "There were no further developments."

Dutch Vessel Strikes a Mine

London, July 31.—The Dutch mail steamship Koenigslin Wilhelmnia has struck a mine near the North Hinder Lightship, says a dispatch from The Hague to Reuters Telegram Company. The passengers left the vessel in the lifeboats and made for the lightship.

The captain of the Koenigslin Wilhelmnia reported by wireless that his ship had struck a mine near North Hinder and that only the afterpart of the vessel was out of water.

der bond, or kept until the appeal is decided is a problem, as the case may not be reached for opinion by the highest court for many months. It is possible that the controversy will drag on until after the war.

The German freight submarine Deutschland is expected to leave Baltimore any hour. Her departure to the high seas, through the Virginia Capes, furnishes a case for deep interest and some concern by the state department, in the desire to maintain the strict letter of neutrality between the German merchantman, and the allied warships waiting outside the three mile limit for an opportunity to seize their prey. It is understood that the submarine owners have asked special protection for the craft from this government, within the territorial waters of the United States, and the government will have to determine whether this protection can be given.

Associated with this case is that of the merchant submarine Bremen reported to be en route to the United States. Officials are watching for this vessel, and there are new problems of international law which she will develop should she put in at a United States port.

This government is facing a task of some delicacy also in connection with the execution by German authorities of Captain Fryatt, master of the British ship that attempted to ram a German submarine. The American ambassador, being the war-time representative of Great Britain in Berlin, he is called up to handle the controversy and the state department is concerned that he should do so without prejudice to the neutrality of this country.

The United States protest against the British blacklist having gone forward to London, as published today, a reply from the British government is now to be anticipated, but some time may elapse before there are any new developments, as the note has hardly been received by the British foreign office.

The administration's foreign policies, will be subject to political attack in unusual intensity from now on, as the campaign comes on, and naturally those at present in charge of the government are especially zealous that nothing should go awry at this stage.

Italian Steamer Sunk

London, July 31.—The Italian steam ship Dandolo of 4377 tons gross has been sunk, according to an announcement made today at Lloyd's shipping agency.

The Dandolo was formerly the Musmanno and was built at Spezia in 1906. She was 376 feet long, Venice was her home port.

London, July 31.—British forces capturing the Turks in the Suez canal region captured the towns of Wadwan and Vambou, according to an announcement today, the first on Thursday and

the second on Friday.

Somme Attack Halted

Berlin, July 31.—Anglo-French attacks during the morning, along the front from Longueval to the Somme, were everywhere repulsed with sanguinary losses, according to the war statement today.

Russians Push On

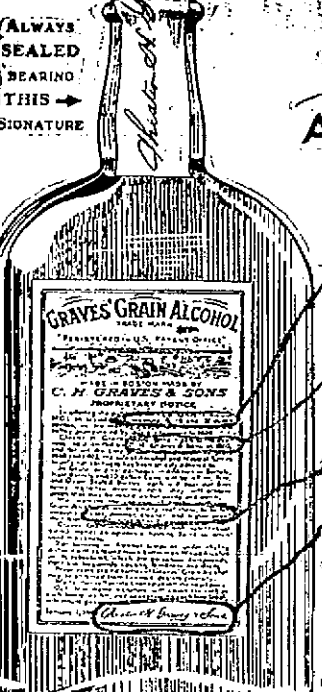

Petrograd, July 31.—After fierce fighting around Brody, the Russian forces have thrust their way forward again, this time taking ground from the Teutons up to the rivers Graberki and Seret. The war office statement today made this announcement.

The war office asserted that in the region of the Stokhod river the Russian forces were fighting, their way forward. At one point, among the prisoners captured in this thrust, was the whole 31st Honved Austrian regiment, including the commander, and his staff. At other places along the Stokhod river 255 Teutons were captured, with four machine guns.

Northeast and southeast of Baranovitch, the statement said, fierce artillery operations were in progress.

From the Caucasus, the Grand Duke Nicholas reported further advance from Erzingan, and repulse of a Turkish attack directed toward Mossul in the region of Dziglavler.

TROUBLE ON BORDER FOR SPECIAL CORRESPONDENTS

El Paso, Texas, July 31.—Special correspondents attached to the various militia units in this district were made uneasy today by news that copies of their articles to home papers dealing with treatment of the men have been submitted to the various commanding officers for investigation.

It is learned that by the orders of the war department, these officers have been instructed to get at the truth of the charges of mismanage-

ment, incompetence and neglect made in these articles. If it is proved the men have been in any case made to suffer needless hardships, the blame will be fixed; but if it can be shown that there was no basis for charges that caused the relatives or the guards men great mental anguish, then the guilty writers will shortly see themselves homeward bound.

A detachment of 200 recruits of the Massachusetts organization arrived here last night.

Russian Attacks between Berestek and the Stokhod, in spite of the great loss of human lives, had no success whatever. In most cases the attacks were stopped by our artillery and infantry fire.

"Where the Russians entered temporarily our trenches as they did west of Lutsk—army of Col. Gen. von Tormansky—they were ejected by a counter attack."

"Near Kozlovka, on the Stokhod, after repulsing several Russian attacks, the defence was placed along the Subence of the far-advancing Stokhod bend."

"Italian war theatre—An Italian battalion attacking southwest of Taneroglo was repulsed."

SALMON FALLS WILL MEET
A REAL TEAM LATER

The combination of ball players from Salmon Falls, Berwick and Portsmouth which appeared on the local diamond on Saturday last under the name of Salmon Falls and walloped a Portsmouth team to a finish, have since been crawling about the game and the defeat which they handed out to the local team.

Well, if that makes them happy, all right, but it should be impressed on their minds that they did not defeat a real team of Portsmouth ball players but one that was picked at the last minute to meet the visitors.

The Salmon Falls men never had such a clutch in all their lives when they went up against the team of Saturday last. However, we are of the opinion that any regular team of the Sunset League can beat Salmon Falls and they will find it different when they meet Portsmouth again. It will be no burlesque and they will meet nine men that know something about the game.

DEMOCRATS AT HAMPTON BEACH

Rockingham County Towns Represented at Session to Plan Campaign.

Democrats of Rockingham county to the number of fifty assembled at Hampton Beach on Monday to make plans for the campaign. John H. Elkins of Exeter, president of the Democratic club, presided. The speakers were Judge Calvin Page, ex-Mayor Daniel W. Badger and Samuel W. Bury, Jr., the latter a candidate for county solicitor, all of Portsmouth; George E. Farrand of Concord, chairman of the Democratic state committee, and Charles Benson of Derry.

The meeting was principally to select a slate for the approaching primary election. It was decided to hold the next meeting on Aug. 31, at Portsmouth. The committee of arrangements consists of Judge Page, Mayor Ladd and ex-Mayor Badger.

Nearly all the towns of this part of the county were represented and the gathering was enthusiastic. It being decided to make a vigorous fight for each of the county and state offices. The filings of the various candidates are expected soon.

OBITUARY

James Gilman Fellows

James Gilman Fellows, one of the best known business men of Suncook, N. H., died suddenly on Monday at his summer home at New Castle.

Mr. Fellows was a native of Deerfield where he was born August 8, 1838, and he had been a resident of Suncook for nearly 46 years. He early engaged in business, being for a time in the grocery business with a partner in the firm of Baker and Pelton. Later he engaged in the lumber business and in this occupation he

achieved great success, and accumulated a handsome property. He was at the head of the firm of Fellows & Son of Manchester, box makers and lumber dealers, which firm has recently entered upon the manufacture of caskets upon a large scale.

As a citizen of Suncook Mr. Fellows was highly respected for his keen foresight and judgment and sterling integrity, and had held many public offices, being a deputy sheriff for six years, member of the house of representatives from Portsmouth in 1886-8, state senator in 1893 and a member of the gubernatorial council during the administration of Governor Henry B. Quincy. In politics he was a stalwart Republican. Mr. Fellows was a Mason, holding membership in Jewell Lodge, A. F. and A. M., of Suncook.

He is survived by a widow, one son, Earl J. Fellows of Manchester, a daughter Mrs. Howard Stanley of Duluth, Minn., and several grandchildren and great grandchildren.

"THE BEAUTY BUG" SCORES A BIG HIT

Fun in large wholesome doses is on at the Colonial Theatre for these first three days of this week. Not for a long time has this theatre echoed so much genuine laughter as that which greeted Fred Carmelo and his assistants in "The Beauty Bug." J. W. Gorman's pet musical comedy.

The lines are clean and funny, the songs are the season's hits and finely sung, the chorus is elegantly dressed to the last detail and rare combination, can sing as well as look pretty.

The story, as told before, deals with the rise of a beauty specialist who, to disentangle himself from a matrimonial difficulty, puts a simple old shoe-maker in his place as the specialist. The laughs follow thick and fast as the old gentleman strives to convince people that he is the man who first invented beauty. The musical program was very enthusiastically received and such hits as "Dolly Dimples," "My Dreamy China Lady," "My Own Venus Rose" and the rest of them made almost as much of a hit as the humorous side of the entertainment.

Starting Thursday "The Wizard of Don-Don" will win for three days at the Colonial and take it from those who have seen it he is some wizzer. Fred Carmelo is the dark-skinned angler.

The pictures for the last half will be as satisfactory as those which accompany this show.

DROPPED FROM SIGHT 12 YEARS AGO

Relatives of Frank Dow, whose disappearance from Manchester 12 years ago has never been satisfactorily accounted for are lead to believe through reports received last week that the man is still alive.

Patrick H. Leary, son of Joseph Leary, a newsboy on the Portsmouth division of the Boston & Maine, while waiting for his train in Portsmouth recently, entered into conversation with a man at the station, who upon hearing the lad's name and where he lived, announced that he was well acquainted there, in fact, had relatives there and that his name was Frank Dow.

He also added that his relatives thought him drowned, and told the lad a story of how he left Manchester on the day of his dropping out of sight and went to Essex, where he with another man went fishing and were blown out to sea and when the Thatchers were picked up by a passing boat and landed at Portsmouth, where he has since resided.

The stranger also said in the meantime he had married and besides a wife had two daughters.

Steps are being taken by Manchester relatives to ascertain as to the truth of the story told to young Leary by the stranger who claimed to be Dow, the long missing Manchester man.—Gloucester Times.

PARCEL POST SERVICE BETWEEN U. S. AND CHINA

Washington, August 1.—Parcel post negotiations between the U. S. and China became operative today. Postmaster General Burleson announced that beginning today packages up to 11 pounds in weight may be sent from any postoffice in the U. S. to any postoffice in China at the postage rate of 12 cents a pound. The agreement which makes possible the parcel post service between the Orient and this nation, was entered into following three years of negotiations. The convention was signed by Chow Wan Pang, head of the Chinese postal service, May 29, 1916 and by Postmaster General Burleson, July 11, 1916. President Wilson ratified the convention July 12. Until today packages of merchandise other than bona fide trade samples not exceeding twelve ounces in weight, could not be sent by mail from this country to China, except to a few places that could be reached through Japanese or foreign postoffices in China.

WE APPROVE.

Some one who has remembered the Dreyfus case and Zola's "J'accuse" philippic, has organized a society of Democrats under the name of "We Approve." The slogan of the society is, "We Approve!" We suppose their list of approbations will include the following:

We approve the selection of William Jennings Bryan as Secretary of State.

We approve his resignation.

We approve the stand of Mr. Wilson in opposition to a national defence program in 1914.

We approve his addresses in favor of a national defence program in 1916.

We approve his capture of Vera Cruz with the object of enforcing a salute to the American flag.

We approve his withdrawal of our forces from Vera Cruz with the American flag unsaluted.

We approve his insistence that Huerta must not be president of Mexico.

We approve his recent announcement that there must be no interference in Mexico.

We approve his support of Pancho Villa.

We approve his pursuit of Pancho Villa.

We approve his notification of Germany that submarine attacks on merchant ships must cease.

We approve his declaration during the submarine controversy that we are too proud to fight.

We approve his shaken fist.

We approve his admonitory finger.

We approve him when he advances and when he backs up, when he goes up and when he comes down, vertically and horizontally and diagonally in straight lines and curved lines, in circles and spirals; elliptically and parabolically. Our approbation is flexible and adjustable, mobile and double jointed.

"There's our sentiments," said the backwoods statesman, "and if they don't suit 'em, they kin be altered."—Brooklyn Times.

OLD HOME DAY. CELEBRATIONS FEW

August, the month of Old Home celebrations, finds Stratham the only town in this section of the county to observe this year. Heddling, a summer resort, however, will hold its annual old home observation during the month, but the affair is managed for the most part, by out of the state dwellers, who are there for the summer. Several years ago, Exeter, Newfields, Epping and several other towns held celebrations, but the custom has been lagging for the past years.

BIG BUILDING TRADES STRIKE IN LAWRENCE

Skilled Mechanics Go Out to Back up the 'Hod Carriers--Work on Many Big Structures is Held up

Lawrence, Mass., July 31.—Two thousand mechanics, embracing all branches of the building trades, went on strike today, effectively tying up all building activities in Lawrence, Salem, N. H., Andover, North Andover and Methuen. The only contractor whose workmen did not join the strike is A. Shafelt, who is already paying the wages demanded. The strike came as the result of the demand for a 5 cent an hour raise on the part of the hod carriers, and the demand that non-union men be taken off all jobs.

Fourteen months ago the hod carriers, then receiving 30 cents an hour, demanded a raise to 35 cents an hour. No action was taken by the contractors and the matter was allowed to drag along until Saturday, when at a mass meeting of the allied building trades' unions it was voted that unless the contractors took action by today every skilled mechanic in the building would walk out.

The question of non-union mechanics was taken up and it was decided that even if certain contractors were

carpenters, brick layers, plasterers, steam fitters, plumbers, electricians and painters.

NOONE DECLINES TO TAKE BACK-WATER

Will Not Retract What He Said About the State Board of Trade.

Secretary Henry H. Metcalf of the New Hampshire Board of Trade has requested Hon. Albert W. Noone of Peterborough to retract certain statements he made to a reporter of the Manchester Union relative to the State Board, but Mr. Noone refuses to retract. Secretary Metcalf has written a letter to Candidate Noone endeavoring to make it clear to him that he was "in wrong" when he criticized the New Hampshire Board of Trade. Noone's answer gives the impression that he doesn't want to have any relations with the board. The communication from Mr. Noone is the following: Peterborough, N. H., July 28, 1916.

H. H. Metcalf, Secretary,
N. H. Board of Trade,
Concord, N. H.

Dear Sir: In regard to yours of 27th will say that I am a candidate for governor. I don't ask and will not accept any invitation to appear before the Board of Trade or Clubs. Should there be a public meeting when everyone is invited, then and there we will discuss all matters in the political line. I am the people's candidate.

Yours truly,
Albert W. Noone.

EFFECTS OF THE THRIFT HABIT

Thrift is the foundation of character. The employee who learns to manage his personal affairs so that he may save some part of his earnings, will use, after the habit is once formed, the same care in saving his employer's time and material. As his savings account grows, he becomes interested in his town. The fact that he has a few dollars in the bank soon gives him a feeling of security, which in turn makes him a safe man. As his mind is on his work, the work improves, and accidents diminish.

The man with a bank account is able to stay with a concern during a period of depression, or when the shop has a dull season and is working only part time. According to statistics, ninety-eight per cent of wage earners spend every cent they make between pay days. As soon as they have sickness or slack time they cannot pay their bills, and as soon as they use up what little credit they have many jump to a new town, often just when the tide turns and the shop is getting busy. The argument is that they owe so much money it will take all their wages for some time to come to pay old bills. It is to steady this class of labor that saving should be made easy. If an employer, by the expenditure of a little time for clerical work of some member of his office force, can induce and help a percentage of his employees to save, he is not securing the nucleus of a steady class of help—men and women who can be depended on to stick? The larger their bank account grows, the surer he may be of their services. If you had an important place to fill and two applicants for the job, of equal ability, one that you knew had a savings account, and one that you knew had nothing ahead, which would you employ? Would it not be wise to make an effort to lift all your employees to the level of your choice?—R. P. Corry in American Industries for July.

REMEMBERED ON HER BIRTH-DAY

Last Friday Miss Ella F. Adams, housekeeper at the Oceanic, Isles of Shoals, was pleasantly remembered on the occasion of her birthday. The guests of the house presented her with a costly travelling bag, while the waitresses gave her an umbrella. The presentation of the latter was made by Arthur deCourcy and those who heard his remarks say they were original and to the point.

NOT THE ONLY ONE

There Are Other Portsmouth People Similarly Situated

Can there be any stronger proof offered than the evidence of Portsmouth residents? After you have read the following, quietly answer the question: Leslie Whitehouse, 33 Maplewood avenue, Portsmouth, says: "I was annoyed by spells for some time by a catch coming just over my kidneys. At times I felt as bad that I could hardly move about. There was a heavy, dull, throbbing ache across the small of my back. The kidney secretions were profuse, highly colored and contained sediment like brick dust. A couple of boxes of Doan's Kidney Pills, procured at Philbrick's Pharmacy, checked this disorder and up to the present time, I have felt no return of it." (Statement given June 27, 1911.)

LASTING BENEFIT

On October 20, 1915, Mr. Whitehouse said: "Doan's Kidney Pills removed kidney disorders in my case so that I haven't had to use them but once in four years. I gladly confirm my past recommendation."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Whitehouse has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

SEASON CLOSED ON BROOK TROUT

The open season in Southern New Hampshire, on brook trout, closed at midnight, July 31. Under the law it will be illegal to take the speckled beauties from the ponds and brooks, and it will also be costly if you are caught at it. There is a fine of \$10.00 for having caught the trout during the closed season, and a fine of \$5.00 for each trout in your possession in addition to the first fine of \$10.00. The season has been good and large catches have been made by many local fishermen.

UNCLE SAM HOLDS LOTTERY TO DIVIDE 350,000 ACRES

Spokane, Wash., July 27.—The United States is giving away a princely lot today. Three hundred and fifty thousand acres of choice stock raising land, comprising the southern half of the Colville Indian reservation, is being disposed of in a great land lottery. The territory lies about fifty miles from this city on the Columbia river. It is about seventy by forty miles in area and has an elevation of one to six thousand feet. Every would-be settler drawing a lucky number today will get a 160-acre ranch.

The train from North Conway due to leave this city for Boston on Sunday evening at 7:50 o'clock was nearly an hour late in reaching here. The train was unusually heavy and was drawn by two locomotives. Shortly after leaving Jewett the cross head on one of the locomotives broke and the train was forced to limp to this city.

REPORT GERMAN SPIES GUARDING DEUTSCHLAND

TEUTONS SUSPECT PLOT BY ALLIES TO RESTROY U-BOAT AT HER DOCK.

Baltimore, July 31.—Official and unofficial spies were scattered down the Patuxent today by the Germans to protect the sub-sea freighter, Deutschland against the suspected machinations of the British.

This counter movement was taken in view of the United States government's refusal to convey the submarine to the capes.

The fact that one of the allied watch ships had disappeared from the harbor without cargo only served to heighten the fear of the Germans. Promoters feared she will lurk down the bay to ram the submarine.

Hints that the Deutschland might be rammed "accidentally" have become facts to the over-wrought Germans.

He is a young man of much ability and will undoubtedly be successful in his work in this city.

CRUISER ORDERED TO MEXICAN WATERS

San Diego, Cal., July 31.—The flagship San Diego of the Pacific fleet with Admiral W. D. Caperon on board, will sail Wednesday. It was announced today for the lower Mexican coast. The new commander-in-chief of the fleet, who succeeded Admiral C. McR. Winslow last Friday, following the latter's retirement, is anxious to acquaint himself with conditions at the several ports of west Mexico and to take immediately the supervision of the warships now on patrol duty in those waters.

PENSION SYSTEM ESTABLISHED BY SWIFT & CO.

\$2,000,000 FUND SET ASIDE—IS
NON CONTRIBUTIVE—30,000
ELIGIBLE NOW.

Boston, July 31.—After six years of consideration, the firm of Swift & Co. announced today that it has set aside \$2,000,000 for a pension fund, employees who have been with the company for 25 years or for over 15 years to be benefited. The company has been studying other pension systems and believes that it has taken what is, out from each one to formulate into its own.

The regulations provide that no pension shall be less than \$240 a year, and none shall be over \$500. It is estimated that already 30,000 men and women in the employ of the company are eligible. The fund will become operative tomorrow.

One of the features of this fund is that the employees do not contribute toward it. The regulations state that men who have been in the company for 25 years and who have reached the age of 60 may be pensioned; those 65 years old shall be pensioned. Women who have worked the same number of years may be pensioned when 50 years old, and shall be pensioned when 55. Those who have been employed by the company over 15 years, and who have become incapacitated, may be pensioned.

The pension of those retired after reaching the age limit, or after becoming incapacitated following 25 years of service, shall be equal to one-half of the average salary of the five years prior to retirement. If a person is retired because of physical disability after 15 years of service, his pension shall be computed on a basis of 1-1/2 per cent of the average salary for the five-year period preceding retirement, for each year of continuous service.

The widow and children of an eligible employee shall receive one-half of the pension to which an employee shall be entitled at the time of his death.

PRESS CENSORSHIP IN JAPAN PERPLEXING

Tokyo, July 29.—Three times in a fortnight groups of the leading Japanese newspapers have been suspended by the authorities on trivial pretexts. The newspapers are protesting vigorously but the only result has been to bring Premier Okuma out with a statement which amounts to a complete reversal of all he has ever said about the freedom of the press.

The reasons given for suppressing the papers are almost incredible. Here they are:

1. An interview with Count Okuma on Chinese affairs.
2. Report of counsel's address for the prisoner at the public trial of the men charged with throwing a bomb at the premier.
3. An interview with the Minister of Finance on current financial questions.

So you have the officials of the home department actually censoring the Premier, a cabinet minister, and the freedom of the public trial. The barrister in his defense quoted from a legal text book in which the argument was discussed that reformers might resort to violence against a government that was hopelessly bad.

He also argued that political crimes were in part due to the evil conditions in society and contended that it was no wonder that political criminals should spring up in so badly a governed state as Japan.

The arguments were in short, the usual line of defense of a political criminal who has to put up some sort of excuse for an act which he cannot deny. Before making his speech the lawyer stated that he would deal with political considerations and the judge gave him permission to do so. The court was open. Next morning the newspapers containing the reports of the trial were seized.

Count Okuma's interview did not amount to much beyond that he was credited with having said that Yuan Shi-kai's death was a good thing for China. It was not a proper thing to say but the papers are asking why they should be punished because the head of the government has a loose tongue.

In interview with the Finance Minister he expressed his satisfaction that the resolutions passed at the Economic Conference of the Allied Powers in Paris were not binding on the governments of the delegates and hinted that Japan was not specially keen to have an economic alliance after the war.

He also talked about the failure to issue Russian bonds in Japan and said that a number of private orders for bonds and saddles had been refused owing to difficulties about the payment. Almost in the same breath he mentioned that money was unusually plentiful in Japan and discussed various ways in which it might be used.

There was nothing in the interview that was not generally known. Very prolonged dickerings have been going on about this Russian loan to pay for munitions but the real cause of the delay is that the Japanese dealers are anxious to make the highest prices so much against Russia this is a serious matter.

Russia being in financially with England and France is holding out for terms approximately the same as these countries command. Negotiations for the loan are still going on and the only new feature is the refusal of Japanese contractors at the price Russia offers.

spoke on the relations of the press and the government. That was three months ago when he was asked why the authorities had not stopped the newspaper campaign against the Anglo-Japanese Alliance and replied that the government believed so strongly in the freedom of the press that they would not interfere even when a dangerous agitation against an ally in time of war was going on, now he says:

"Every word we utter and every action we take now affects the community of interests among the Entente powers. These words and actions on our part if misinterpreted, are bound to produce suspicions among the powers with whom we are allied in this war. So the people of Japan must be very careful of what they say or do. What they say or do must be guided by considerations of the welfare of the nation."

As for the criminal trial the Premier got out of that by remarking that the lawyer was out for self advertisement. The publication of the interview with the Finance Minister was the newspaper's own fault. He added:

"Newspaper men should always know the effects abroad and at home will be of an interview if it is given by a minister of state. They should always study diplomatic questions. If they should act impulsively, carried away by momentary impulses, the value of the press may be questioned."

POPE ADMITS FAILURE OF HIS PEACE PLANS

PONTIFF, HOWEVER, HOPES FOR SUCCESS OF EFFORTS THROUGH PRAYERS OF CHILDREN

Rome, via Paris, July 31.—The failure of the Pope's appeals to the warring nations for peace was admitted by the pontiff in addressing a delegation of the youth of Rome yesterday. The delegation prayed for peace in accordance with the Pope's appeal to the children of the whole world to appeal to God on the last Sunday of the second year of the struggle.

The Pope said the war which was ravaging all the earth was not visible on all faces, although such carnage made an ever present call for meditation and penitence.

Yet he said adults were unable to forego the attractions of life, and that was why he turned to the children who are nearest and dearest to God by their innocence and weakness.

"We, the father of all the faithful," he said, "have suffered, have exhorted and prayed for two years, but our exhortations to the combatants to lay down their arms and seek a settlement through the channels of justice and reason having been in vain, we decided to have recourse to invocations to divine help by the all powerful means of your innocence, hoping that the prophecy of the son of Man might be renewed."

ONTARIO FOREST FIRES PUT OUT BY HEAVY RAINFALL

Toronto, Ont., July 31.—A message received by the department of mines and forests at the Parliament building states that the fires in northern Ontario have been entirely quenched by heavy rains. All fires are out.

Northern Ontario has been swept by the biggest bush fire in its history. South from Cochrane, and as far west as Hearst on the Trans-Continental, the flames engulfed millions of dollars worth of timberland and wiped out at least a dozen towns and villages. According to reliable information 200 settlers have perished.

Cochrane and Matteson are reported to have been wiped out. Between them lie the settlements of Iroquois Falls, Nushka, Wainwright and Kipiss. The flames swept this territory, claiming scores of victims in each place.

CEMETERY LOTS CARED FOR AND TUNING DONE

With increased facilities the subscribers again are prepared to take charge of and keep in order, such lots as any of the cemeteries of the city as may be entrusted to their care. They will also give careful attention to the tuning and grading of them, also to the cleaning of monuments and headstones and the removal of boulders. In addition to work at the cemeteries they will do tuning and grading in the city on short notice.

Cemetery lots for sale: also Loan and Tunn.

Orders left at residence, corner of Richards avenue and South street, or by mail with Oliver A. Ham, 64 Market street, will be given prompt attention.

TO MISS NICOTINE

I'm never really alone While I can call thee, friend my own, Whose solace is to happiness akin; A true companion too thou art From whom I am anxious not to part, For I would sorely miss thee, Nicotine.

We have been friends for many years In gloom and sunshine, joys and tears, Our friendship there is nothing can suppress; And as the years do come and go, With fortune swaying to and fro, I know that I do not regard thee less.

And sitting here complacently, At times, fair visions come to me, That only thy sweet presence could invoke; The hopes I once had dearly prized, Seem almost to be realized, Then all my visions disappear in smoke!

There is nepenthe in the spell Which thou canst only weave too well— A temporary lull at least from care; If once a troubled mood be in, Thou dost soothe, Miss Nicotine, The trouble is dissolved in fragrant air.

For many years thy influence, With which I'd care not to dispense, Has changed my habits into strict routine; And though I scarcely am thy slave, O freedom's right I gladly waive In deference to thee, delightful queen.

CELEBRATED SILVER WEDDING

Mr. and Mrs. Clarence W. Tilley Observe Event on Monday Evening.

On Monday evening, surrounded by their children, grandchildren and about 30 of their most intimate friends Mr. and Mrs. Clarence W. Tilley of Bennett street celebrated the 25th anniversary of their marriage. From 5 to 11 o'clock the couple entertained and there was both vocal and instrumental music to make the time pass pleasantly away.

Mr. and Mrs. Tilley were assisted in receiving by Mr. and Mrs. Anderson Scott, Mrs. Hattie deValentine, Mr. and Mrs. George H. Straughn and Mr. and Mrs. Haywood B. Barton. Particular interest was centered in the fact that Mrs. deValentine was the bridesmaid when Mr. and Mrs. Tilley were married.

Remarks of an interesting nature were made by Mrs. George Straughn, Rev. John L. Davis, pastor of the Peoples church and Mrs. Hattie deValentine.

A repast of salmon salad, hot rolls, olives, assorted cake, tea cream and fruit punch were served.

Mr. and Mrs. Tilley are well known and respected by a large circle of acquaintances who earnestly hope that they may live to celebrate their golden wedding.

Their family consists of four sons, three daughters and two grandchildren.

They were the recipients of many handsome and costly gifts as fitting remembrances of their silver wedding anniversary.

THE HERALD HEARS

That the price of milk in Manchester has jumped to 2 cents per quart.

That the price of a plot remains the same, 5 cents, so the quart consumers are the only ones affected.

That ex-Police Officer Carleton will shortly move to Massachusetts.

That the absence of uniform caps among station employees at the Portsmouth depot is noted by the traveling public. That it is hard to tell who is who in and about the station.

That some of the men who carry special police badges about the city and are unpaid for any service, are more conspicuous than regular men when it comes to flashing a badge.

That the continued posing with a police badge by specials does not add any dignity to the department.

That many of them are of the opinion that all the law and order of the city depends on them.

That the matter has reached the joke point.

That it is heard the band concert will be rendered from a band stand tonight.

That the Democrats took a look at the dove of peace at Hampton Beach on Monday.

That the hatchet that has done much service was buried for good—so they say.

That Dover is to send a large delegation to this city on the occasion of the big firemen's parade next month.

That the weather man is going to give us a fine night for the band concert.

That the recruiting office at the navy yard is not rushed with applicants for the navy.

That a smaller number has appeared since the Mexican trouble broke out than before.

That not many years will elapse before the Portsmouth hospital must be enlarged and made more up-to-date.

That Taggers are preparing for the work on Saturday next.

That the kids are counting every day to the opening of the swimming pool on the playground.

That campaign banners for either of the presidential candidates in this city are not very numerous.

That the secretary of the Democratic state committee says that the pollster is needed to get Democratic filings from Portsmouth for the primaries.

\$216.00 FOR THE SOLDIERS ON BORDER

The committee on military relief of the New Hampshire Red Cross Society desires that more contributions for the benefit of the New Hampshire regiment in Texas be sent in as soon as possible. Otis G. Hammond, treasurer of the committee, acknowledges the following contributions: Previously acknowledged, \$165; anonymous, \$1; Stu Palmer, \$5; anonymous, \$5; E. W. Estabrook, \$50; total, \$216.00.

A DISTINGUISHED GUEST.

The Marquis de Bouthillier-Chavigny is the guest of Mrs. Arthur Astor Carey at her summer home at Little Harbor. The Marquis was invalided home from France during the early stages of the war, and hopes to be sufficiently strong to return to the front late in August or early in September. He is a friend of Mrs. Carey's son, Arthur G. Carey, who is connected

with the American Ambulance Corps in France, and also of Henry R. Carey, another son, who is connected with the American embassy in Paris.

SOUTH END FIRE 40 YEARS AGO TODAY

Forty years ago today the fire at the South End occurred in which several buildings were destroyed. The fire broke out on Sunday morning about 4 o'clock in the bakery of J. W. Sawersby.

In sounding the alarm there was much delay owing to the bell rope breaking in the North Church belfry and the fire had caused much destruction before the department arrived to fight it. The brown bread and beans were not enough that morning.

TABLET SHOULD BE PLACED IN CORRIDOR

When the improvements are completed at the postoffice, a tablet should be placed in the corridor or some place on the first floor announcing the several departments of the government which are located on the second and third floor of the building. This would be appreciated by the public and should have been done years ago.

POLICE COURT.

Charles B. Edwards of Mahlen was before the court today charged with violating the street traffic rules. He was placed under arrest by the officer at Vaughan and Congress street, who claims that Edwards did not stop when a stop motion was given. Edwards claimed that he saw no signal to stop by the traffic officer.

Anyhow, his automobile and one from the Portsmouth Motor Mart collided at the corner and Edwards believes the other machine was as much to blame as he was. The court imposed a fine of \$5 and costs of \$5.00, which he paid.

ODD LADIES AT ROLLINS FARM

The members of Star Lodge of Odd Ladies on Tuesday went to Rollins Farm at Newington to hold their annual picnic. Weather conditions were all that could be desired and the members were in high expectations of having a thoroughly enjoyable time.

WILL BE CONNECTED WITH THE WHITE WAY

Arrangements have been made whereby the two lights at the corner of Congress and Vaughan streets will be taken in the white way and will be connected up with the system in a few days.

A GOOD START

Athletic underwear is a good start toward the goal of comfort during the sweltering days. We show several kinds. Then comes the thin "overshirt" of madras, so-sette, pongee or silk. We have a wonderfully fine showing of them. Over these garments wear a Palm Beach suit and you can "win in a walk."
